

# 2 sided printing?

# I only wanted 1 sided!

**DON'T CLICK PRINT....**

**CLICK LAYOUT INSTEAD. YOU NEED TO CHANGE IT TO PRINT ONE SIDED.**

**CLICK ON PRINTER FEATURES.**

**CHANGE FROM 2-SIDED, TO 1-SIDED**

**THEN PRINT!**

The screenshots show the following steps:  
1. The print dialog is open. A callout points to the 'Print' button, warning not to click it.  
2. The 'Layout' button is clicked, opening a sub-menu. A callout instructs to click 'Layout' to change to one-sided printing.  
3. The 'Printer Features' button is clicked, opening a sub-menu. A callout instructs to click on 'Printer Features'.  
4. In the 'Printer Features' dialog, the 'Print Style' dropdown is changed from '2-sided Printing' to '1-sided Printing'. A callout instructs to change from 2-sided to 1-sided.  
5. The 'Print' button is finally clicked. A callout instructs to 'THEN PRINT!'.
