

# Getting Started With Larson's Elementary Math (Grades K - 2)

## HOW TO ADD YOUR CLASS

1. Log into your computer using your district assigned username and password.
2. Open your applications folder > locate the folder named **Larson's Math** > **Open and locate Larson's Elementary Math CMS** (Classroom Management System)  
> Open and locate Elementary Math CMS – You may want to drag this icon to our doc for future ease of use.

3. You will be prompted for a password – the password is **larson**

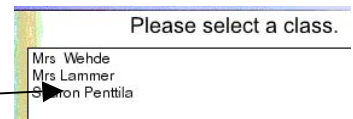

4. Under **UTILITIES** Click on **EDIT CLASS LISTS**

5. Click on **SELECT GRADE** and choose your grade

6. Click on **SELECT CLASS LIST**

7. If your name is listed select it.

8. If your name is NOT listed click **CANCEL** Then New Class List

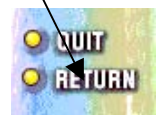

9. Enter your name and click

Please enter a new class list name.

Mrs Johnson

You have just added your Name – Now you are ready to add your students. Click Return

Click on **EDIT STUDENTS** then on **ADD STUDENT(S)**

Select your grade **Please Select a Grade**

Kindergarten  
Grade 1  
Grade 2

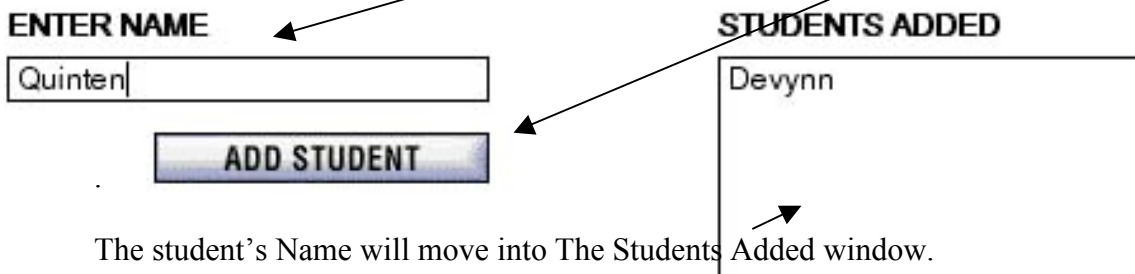

Choose your name from the **Choose Class** pull down list.

**CHOOSE CLASS**

> Mrs Wehde  
Mrs Johnson  
Mrs Lammer  
Sharon Penttila

CLICK ON **CHOOSE CLASS**

Enter your first Student's name under **ENTER NAME** and click **ADD STUDENT**

The student's Name will move into The Students Added window.

Once all of your students have been added you may return to Utilities or Quit Larson's CMS.

13. To check your work: In your applications folder you will find Larson's Elementary Math – Open the Grade you wish to check

Click Log on >  
Choose your Class Name > click Continue  
Click the Students name – be sure all your students are there!  
To start a student, click the students name and click Start.
